REMARKS

This amendment under 37 CFR § 1.312 is in response to the Notice of Drawing Inconsistency with Specification dated January 24, 2007. No new matter has been added with the addition of the additional drawing description, support for which may be found at least at paragraph [0034] of the Specification as published. Applicants inadvertently omitted this description from the application as filed, and that is why it was not presented earlier.

Notice of entry of this amendment is respectfully requested. The Examiner is invited to call the undersigned if it would expedite the prosecution of this application.

Respectfully submitted,
